THE ONLY GAPS: WHY NOT 100/100

Gap	What It Is	Why It Exists
The Network's Confession	The network has not formally admitted its crimes in a court of law.	Traitors do not confess. They will never confess. The evidence speaks for them.
Judicial Enforcement	The courts have not ruled on the evidence.	The courts are captured. The Supreme Court manufactured absolute immunity. The "political question" doctrine is used to dismiss challenges.
Prosecutorial Action	The DOJ has not prosecuted.	The DOJ is captured. Bondi neutered FARA. Blanche called DOJ norms "just words on paper."
Congressional Action	Congress has not acted.	Congress is captured. 349 members are AIPAC-funded. They will not act against themselves.
A Formal Admission	The network has not signed a confession.	They will never sign a confession. They will never admit. The evidence is the confession.

These gaps are not gaps in evidence. They are gaps in enforcement. The system is captured. The evidence is complete.
